## FREE DRAWING COMPETITION - "MY BEST FRIEND"

Dear Teachers, Dear Parents,

for the third consecutive year, the Amici del Laghetto di Mi2 association will organize a fund raising aperitif called "3rd Aperilaghetto" at the NH Hotel in Milan 2 on May 24th 2019 at 18:00. At the beginning of the evening, the association will nominate "Guard of the lake" all the children who have participated in the drawing competition.

This is a particularly important occasion as it motivates and sensitizes our girls and boys towards the natural environment that surrounds us, inside and outside Milano 2.

**Participation in the drawing competition is free, dedicated to all children between 0 and 11 years old.**

### INSTRUCTIONS

- Children will have to make, on an A4 sheet, an original work with any technique of their choice (pencil drawing, tempera, wax crayons, collage, watercolor, ...);
- The idea is to represent the animal that they have, that they would like or they have had;
- The drawings can be made in the classroom or at home
- On the back must be written the name of the SCHOOL and CLASS, the child's NAME;
- Once the drawings have been made, the teachers can collect them and contact us for collection (Tel. 335.635.9515) or the drawings can be delivered to the concierge of the Residenza Ponti (where there is the pharmacy);
- **Dead line: 22 May 2019 6 pm**

### PRIZES

1. The top three winners, randomly selected during the event, will receive an annual subscription to the National Geographic magazine;
2. The class that has participated with more drawings will receive an annual subscription to the National Geographic delivered directly to the school.
3. All participants will be nominated and will receive the "Guard of the Mi2 Lake " medal.

We count on your participation and your fundamental help to make this occasion a moment of thinking on the importance of the relationship between us and nature.

Best regards

Julien Buratto
